Hi Mayor and Council

I want to say how appreciative I am with Council's immediate reaction to the BCTS logging process at the Council meeting last week. You made it easy for people to be heard, responded to concerns, had your own convictions on display, and gave a strong impression of unity.

I know it will be a long haul, and the result is far from clear, but I think we have strong leadership and community support. I believe that in the end we'll prevail, but that we can't for a moment underestimate the threat facing our forests.

Thank you
John Dowler
