Dear Mayor Council and Bowen Island Municipality,

I am writing to you to urge you to reconsider the decision to log on Bowen Island. The residents of Bowen are fiercely loyal to the nature and wildlife on our island and the delicate eco system that is held in its balance. By continuing forward with this plan this ecosystem would be put at risk which would be detrimental. Furthermore the tourism that this nature brings, which countless islanders count on their livelihoods for, would also be impacted by this decision. Our roads are also not designed for huge logging trucks, they are very narrow which causes large safety concerns for all drivers on the island. This would also cause mass ferry overloads making life on the island very difficult and disrupted. Please re-consider this decision.

Thank you for your time,
Nicole Gibson
